NEW DESK LIGHTS

We know we have a lot of customers purchasing Littlite lampsets and our CWB (Cast Weighted Base) to use as free standing task lights and we know some customers don't like to mess around with the assembly process.

We now offer our Littlite LW series desk lights in both halogen and LED models. The LW series uses a modified version of our CWB to mount a 12 or 18" gooseneck and dimmer control. The light features an enclosed bottom, an integrated socket for the power supply and a cleaner looking top surface with no mounting screws. The LED models also feature our new Colorfade dimmer.

High Intensity:

LW-12-HI-Desk Light with 12" Gooseneck.

LW-18-HI-Desk Light with 18" Gooseneck.

MSRP/MAP: \$95.00

LED

LW-12-LED-Desk Light with 12" Gooseneck.

LW-18-LED-Desk Light with 18" Gooseneck.

MSRP/MAP:\$125.00
