

Littlite offers the widest range of high-quality gooseneck task lamps in the industry. Our series of lights and mounting accessories provide a perfect fit for any task light application whether it requires a quick installation or a totally custom approach.

Littlite Gooseneck Lamps & Accessories are designed and built in the USA and are backed by our limited lifetime warranty.

Littlite offers products with incandescent, halogen or LED lighting in six, twelve or eighteen-inch gooseneck lengths.

Our "system" of lighting products and accessories provides unparalleled installation options. Littlite gooseneck lights are ideal for lecterns, control consoles, custom furniture or any application that requires a high-quality versatile task light.
