Littlite LED-GEN V!

Back in 2003 we introduced our first series of LED task lights. Since then we have made continuous improvements as LED technology has evolved.

Our latest Littlite Gen V LED products excel in light output, color temperature, color rendering and energy efficiency. Built in the USA to the same high standards we always set, we offer the widest selection of high-quality, compact task lights in the whole wide world.

The numbers:

Littlite Gen V LED

Light output: 38 lumens (400 lux)

Brightness at center: 16 footcandles at 12 inch distance

Color Temperature 3500'K (CCT- correlated color temperature)

Color Rendering Index: 92+ (CRI)
